Election/Restrictions

Applicant's election with traverse of claims 9-20 (Group II) in the reply filed on 4/4/2006 is acknowledged. The traversal is on the ground(s) that the claimed apparatus is intended for use only with zinc metals. This is not found persuasive because it has been well settled that the manner or method of use of an apparatus (in the instant case, the use of the apparatus of claims 9-20 for the processing of zinc) cannot be relied upon to fairly further limit claims to the apparatus itself. See MPEP 2114 and MPEP 2115.

The requirement is still deemed proper and is therefore made FINAL.

Claims 1-8 have been withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on 4/4/2006.

Allowable Subject Matter

Claims 9-20 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: Each of instant claims 9-20 is allowable over the cited prior art at least because none of the cited prior art shows or fairly suggests a skimming processing unit including each of a multi-chambered housing with a connecting conveyor and an agitator including a plurality of paddles as required by each of independent claims 9 and 19.

Art Unit: 1742

As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Each of Meneice et al, Herman and Howell et al are cited as further examples of prior art galvanizing processing units.

This application is in condition for allowance except for the following formal matters:

The cancellation of the claims 1-8, non-elected with traverse.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
